**ADDITIONAL FACILITIES CHARGE**

---

**I. AVAILABILITY**

Except for service in the Fifteenth Ward of the City of New Orleans, this Additional Facilities Charge Schedule (Schedule AFC) is available to Customers taking service under the Company's residential, general service, or industrial service rate schedules. A Customer that is served under a rate schedule that incorporates a facilities charge provision and that has additional facilities the cost of which, prior to the effective date of this Schedule AFC, was billed pursuant to such facilities charge provision may, at the Customer's option and subject to the provisions of Section III below, choose to continue to contract for facilities service with respect to such facilities under the terms of the facilities charge provision of the Customer's rate schedule or may alternatively choose to contract for facilities service with respect to such facilities under the terms of this Schedule AFC.

**II. APPLICATION**

When the Company installs facilities other than those normally furnished for like levels of service to similar customers ("Additional Facilities"), the Customer will enter into a Facilities Agreement with the Company and pay to the Company a net monthly charge based on the investment by Company in such facilities and the monthly percentages from either Option A or Option B below, as appropriate. At the execution of each Facilities Agreement, the Customer will have a one-time election to select either Option A or Option B for the definition of the monthly rate associated with Company's investment in the Additional Facilities. Any subsequent capital additions, replacements, or modifications of facilities will be treated as described in Option A and Option B below.

**OPTION A**

Customers that select Option A for Additional Facilities must pay a net monthly facilities charge of 1.292% per month of the installed cost of all facilities included in the Facilities Agreement. Subsequent capital modifications or additions to such facilities will be subject to the above rate as applied to the cost of the additions or modifications. Subsequent replacement of an Additional Facilities component will be subject to the above rate, as applied to the excess of the cost of replacement over the original installed cost of the replaced facilities in addition to the original facilities charge.

**OPTION B**

Customers that select Option B for Additional Facilities must define in the Facilities Agreement the number of years (the "Recovery Term") that will define the appropriate monthly rates to be applied to the Company's investment. The Recovery Term cannot be longer than 10 years. The following table specifies the monthly percentages for application during the selected Recovery Term and any years following the Recovery Term. These percentages will apply monthly to the installed cost of all facilities included in the Facilities Agreement.

<u>Selected Recovery Term (Years)</u>	<u>Monthly % During Recovery Term</u>	<u>Monthly % Post-Recovery Term</u>
1	9.266	0.353
2	5.088	0.353
3	3.703	0.353
4	3.016	0.353
5	2.608	0.353
6	2.339	0.353
7	2.151	0.353
8	2.012	0.353
9	1.906	0.353
10	1.823	0.353

Subsequent modifications and additions to Additional Facilities covered by a Facilities Agreement shall be subject to a new Option B Facilities Agreement covering the installed cost of such facilities, wherein Customer must select a Recovery Term that will define the appropriate monthly rate for such cost.

Subsequent replacement of an Additional Facilities component shall be subject to a new Facilities Agreement covering the installed cost of such item and the customer may select either Option A or Option B for such item. If the Facilities Agreement covering the replaced item remains in effect because there was not a total replacement of the Additional Facilities covered by the Facilities Agreement, the costs covered by such agreement shall be reduced by the original cost of the replaced facility. If the replacement occurs prior to the end of the Recovery Term for the replaced facility, the replacement installed cost shall be reduced by the salvage value of the replaced facility, if any.

### **III. ADDITIONAL FACILITIES EXISTING AT THE TIME OF SCHEDULE AFC EFFECTIVE DATE**

For Customers that switch from facilities service pursuant to a rate schedule that incorporates a facilities charge provision to facilities service under the terms of this Schedule AFC, the installed cost covered by the new Facilities Agreement will be the actual cost of installation, including the cost of any upgrades and/or additions and/or the excess cost of replacements over the original cost subsequent to the original installation. The final date by which a Customer may choose to switch from facilities service pursuant to a rate schedule that incorporates a facilities charge provision to facilities service under the terms of either option A or B of this Additional Facilities Charge Schedule shall be 30 days following the effective date of this Schedule AFC.

### **IV. PAYMENT**

The Net Monthly Bill is due and payable each month. If not paid within twenty days from the date of billing, the Gross Monthly Bill, which is the Net Monthly Bill plus 2%, becomes due after the Gross Due Date shown on the bill.
