

ENTERGY LOUISIANA, LLC
ELECTRIC SERVICE

SCHEDULE HPSV-16

Effective Date: January 31, 2006
Filed Date: January 23, 2006
Supersedes: HPSV-15 filed 6/30/05
Schedule Consists of: Three Pages

**HIGH PRESSURE SODIUM VAPOR STREET LIGHTING
RATE SCHEDULE HPSV**

I. AVAILABILITY

At all points throughout the territory served by the Company (except the Fifteenth Ward of the City of New Orleans) where facilities of adequate capacity and suitable phase and voltage are adjacent to the premises to be served, and service is taken according to the Service Standards and Service Regulations of the Company.

II. APPLICATION

For electric service to high pressure sodium vapor lamps of the wattage as listed below under the terms of the Company's standard street lighting agreement to the state, municipalities, towns and parishes for lighting of public streets, alleys, thoroughfares, public parks and playgrounds by high pressure sodium vapor lamps.

III. TYPE OF SERVICE

Approximately 60 cycles and at standard voltage as required according to Company's Service Standards. Company to furnish lamp renewals and install same and furnish energy for operation. The lights shall burn under normal conditions each and every night from dusk to dawn. In case the Company shall at any time or times be prevented from delivering electric energy hereunder by causes reasonably beyond its control, it shall not be liable in damages to the customer, any governing body, any inhabitants of the area, or any person, firm or corporation.

The Customer agrees to provide, at no cost to the Company, all required right-of-way for installation and maintenance of system.

IV. NET MONTHLY BILL

I. ENERGY AND LAMP SERVICE FOR SYSTEMS OWNED BY OTHERS

When Customer owns, maintains and replaces all of the standards, fixtures, luminaires and all associated street lighting equipment and all underground cable or other wiring of the street lighting system, and Company shall furnish energy and lamp service only. Customer owned street lighting fixtures shall not be installed on Company's overhead distribution system.

A. Rate

a.	\$ 3.30	100 watt high pressure sodium vapor light	CR
b.	\$ 5.39	150 watt high pressure sodium vapor light	CR
c.	\$ 7.55	250 watt high pressure sodium vapor light	CR
d.	\$10.46	400 watt high pressure sodium vapor light	CR
e.	\$16.62	1,000 watt high pressure sodium vapor light	CR

The above prices include mounting heights up to 35 feet. For mounting heights between 35 feet and 50 feet an additional charge of \$0.26 per month per fixture shall be added to the unit rate. For mounting heights over 50 feet the additional charge shall be the actual cost as determined for each street lighting location.

B. Adjustment to Unit Prices

First - Plus or minus the applicable proportionate part of any directly allocable tax, impost or assessment imposed or reduced by any governmental authority after the effective date of this schedule, which is assessed or levied against the Company or directly affects the Company's cost of operation and which the Company is legally obligated to pay on the basis of meters, customers, or rates of, or revenue from electric power and energy or service sold, or on the volume of energy generated, transmitted, purchased for sale, or sold, or on any other basis where direct allocation is possible.

Second - Plus .001 cent per kWh used during the month for each .001 cents of the average fuel cost per kWh as delivered to Company's customers during the second preceding calendar month, adjusted for any over or under collection.

Third - When Customer requests changing the location of existing street lighting facilities, Company may bill customer for the actual cost of change.

II. HIGH PRESSURE SODIUM VAPOR LIGHTING ON COMPANY OWNED SYSTEM

When Company owns, operates and maintains a high pressure sodium vapor street lighting system:

- a. 1.292% monthly on the average cost per lamp for the entire cost of the street lighting installation, plus the energy and lamp charges as provided in Section I of the Net Monthly Bill. This provision is closed to all new applications as of May 31, 2005. On and after June 1, 2005 Customers requiring the installation of facilities other than those normally furnished for like levels of service to similar customers may apply for facilities service under the terms of either Option A or B of the Additional Facilities Charge Schedule AFC;
- b. 1% monthly on the average cost per lamp for the entire cost of the street lighting installation when customer contributes the entire cost, plus the energy and lamp service charges as provided in Section I of the Net Monthly Bill.

The "Entire Cost" of the street lighting installation shall include cost of luminaires, fixtures, standards, lamps, controls, overhead or underground service wires and cable, any other associated street lighting equipment, installation labor, stores and supervision and engineering.

The Company will only replace existing mercury vapor street lighting with high pressure sodium vapor along major thoroughfares or interstate highway systems. The cost of removing the mercury vapor plus the difference between the undepreciated value and salvage value may be added to the cost of the high pressure sodium vapor system.

The cost of distribution transformers and facilities to provide energy shall not be included in the cost of the street lighting installation.

V. PAYMENT

The Net Monthly Bill is due and payable each month. If not paid within twenty days from the date of billing, the Gross Monthly Bill, which is the Net Monthly Bill plus 2%, becomes due after the Gross Due Date shown on the bill.

VI. CONTRACT PERIOD

The contract period shall be for a minimum of three years and at Company's option may be longer to justify the investment in whiteway street lighting installations.
