RIDER 1 TO SCHEDULE LIPS

Effective Date: January 31, 2006
Filed Date: January 23, 2006
Supersedes: R1 to LIPS filed 6/30/05
Schedule Consist of: Two Pages

OFF-PEAK SERVICE RIDER SCHEDULE 1 TO RATE SCHEDULE LIPS

I. APPLICATION

This Rider Schedule is applicable, subject to the terms and conditions hereinafter set forth, to additional services in conjunction with Firm Power Service to Customer under Rate Schedule LIPS, when prearrangement has been made for the installation of facilities of adequate capacity and suitable phase and voltage adjacent to the premises to be served. All service is supplied at one location and at the voltage prescribed in Rate Schedule LIPS so as to permit delivery and metering of the total service at a single point of delivery and by a single metering installation.

All provisions of Rate Schedule LIPS shall apply except as modified herein.

II. OFF-PEAK SERVICE

By prearrangement with Company any Customer may contract for a designated maximum amount of Off-Peak Firm Service in which event the provisions of Rate Schedule LIPS are modified as follows:

III. DEMAND

The Firm Demand shall be the On-Peak Demand plus one-half of the Off-Peak Demand in excess of the On-Peak Demand, but shall be not less than:

1. 100% of the highest Firm Demand established during the preceding 11 months.
2. 80% of the highest Firm Demand previously established.
3. Minimum kW specified in the Electric Service Agreement.
4. 18,000 kW of On-Peak Power Service.

On-Peak Demand

The On-Peak Demand shall be the average kW supplied during the three 15-minute periods of maximum use (each determined on a separate day) during the On-Peak Hours of the month, and shall be not less than 18,000 kW nor less than the minimum kW specified in the Electric Service Agreement.

Off-Peak Demand

The Off-Peak Demand shall be the average kW supplied during the three 15-minute periods of maximum use (each determined on a separate day) during the Off-Peak Hours of the month, and shall be not less than specified in the Electric Service Agreement.

Reactive Demand

The Reactive Demand shall be the average rkVA supplied during the time of the Maximum On-Peak Demands, plus one-half of the excess rkVA supplied during the time of the maximum Off-Peak Demands.

IV. HOURS

On-Peak Hours

The On-Peak Hours shall be designated by the Company in writing to the Customer from time to time, and until changed shall be from 8 A.M. to 9 P.M. (C.S.T.).

Off-Peak Hours

The Off-Peak Hours shall be all hours other than those included in On-Peak Hours.
