SCHEDULE OF CHARGES FOR MISCELLANEOUS SERVICES

I. CONNECTION CHARGE

A \$10.00 Connection Charge will be billed to all classes of customers on their first month's bill to partially cover the cost of making service available. The charge may be greater in the case of an installation of a temporary service.

II. SUSPENSION OF SERVICE

Electric service may be disconnected five days after notice to customer of his failure to pay the past due balance for service rendered. In the event service is disconnected for nonpayment, service will not be reconnected until customer pays the total amount due the Company plus a service charge, to partially cover the cost of disconnecting and reconnecting service, to be determined as follows:

1. A service charge of \$7.00 will be made before service is reconnected during regular working hours, after having been disconnected for nonpayment of the past due balance. Service will not be reconnected until customer pays the total amount due the Company plus the service charge of \$7.00 to partially cover the cost of disconnecting and reconnecting service.
2. A service charge of \$10.00 will be made before service is reconnected during other than regular working hours, after having been disconnected for nonpayment of the past due balance. Service will not be reconnected until customer pays the total amount due the Company plus the service charge of \$10.00 to partially cover the cost of disconnecting and reconnecting service.

A Notice of Past Due Account shall have been mailed to the individual customer concerned advising him of the date after which his service would be disconnected unless his past due balance is paid in full. Five full days shall have been allowed after service of such notice before the customer's service is actually disconnected.

III. INSUFFICIENT FUND CHECKS

A service charge for handling and collecting insufficient fund checks or checks otherwise dishonored and returned to the Company by banks will be made in the amount of \$20.00.
