Supersedes: SL-16 filed 6/30/05
Schedule Consists of: Two Pages

STREET LIGHTING SERVICE RATE SCHEDULE
(NOT AVAILABLE TO NEW CUSTOMERS)

I. AVAILABILITY

For lighting of public streets and alleys, and private streets by incandescent metallic filament lamps in overhead wood pole type fixtures with energy furnished by overhead conductors (except in the Fifteenth Ward of the City of New Orleans). This service is available only if service can be supplied from the existing distribution lines of the Company and if location of the light is approved by the Company and municipal or public governing authorities. Company shall not be compelled to serve any Customer under this schedule when the installation would constitute a public nuisance or a hazard to public safety, and shall not furnish service or continue to serve any Customer in the event any person or persons charge the creation of a public nuisance or a hazard to public safety by so doing. Not available to customers not presently served under this schedule.

Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to Company's Service Regulations currently on file in Company's offices.

II. APPLICATION

To customers on existing distribution lines of the Company where the service does not conflict with public welfare.

III. TYPE OF SERVICE

Series or at the option of the Company multiple service from overhead conductors. The lights shall burn under normal conditions each and every night continuously from dusk to dawn. In case the Company shall at any time or times be prevented from delivering electric energy hereunder by causes beyond its control, it shall not be liable in damages to the municipality or the inhabitants thereof or any persons, firm, or corporation.

IV. NET MONTHLY BILL

Where street lighting fixtures are furnished with outer globes there shall be an additional charge of \$0.21 per month per fixture, and where mounted by a mast arm bracket there shall be an additional charge of \$0.36 per month per fixture. Where center suspension type fixtures are furnished there shall be an additional charge of \$0.29 per month per fixture.

B. Adjustments:

First - Plus or minus the applicable proportionate part of any directly allocable tax, impost or assessment imposed or reduced by any governmental authority after the effective date of this schedule, which is assessed or levied against the Company or directly affects the Company's cost of operation and which the Company is legally obligated to pay on the basis of meters, customers, or rates of, or revenue from electric power and energy or service sold, or on the volume of energy generated, transmitted, purchased for sale, or sold, or on any other basis where direct allocation is possible.

Second - Plus .001 cent per kWh used during the month for each .001 cent of the average fuel cost per kWh as delivered to Company's customers during the second preceding calendar month, adjusted for any over or under collection. The adjustment per kWh shall be applied to the calculated kWh use per lamp.

V. PAYMENT

The Net Monthly Bill is due and payable each month. If not paid within twenty days from the date of billing, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, becomes due after the Gross Due Date shown on the bill.

VI. CONTRACT PERIOD

Not less than two years. Company may require a longer term of contract where necessary to justify extension of facilities.
