**MASTER-METERED RESIDENTIAL APARTMENT SERVICE
RATE SCHEDULE MMRA-12A
Code #35 (Algiers)**

AVAILABILITY

At all points in the Fifteenth Ward of the City of New Orleans (Algiers), where facilities of adequate capacity and suitable phase and voltage are adjacent to the premises to be served and service is taken according to the Service Standards and Service Regulations of the Company. Where facilities of adequate capacity and suitable phase and voltage are not adjacent to the premises to be served, Company may, at its option, require a contribution, higher minimum bill, facilities charge, or other compensation to make service available. This schedule is not available to new customers.

APPLICATION

To electric service for the total electrical requirements of master-metered residential apartment complexes where the complex owns, operates, and maintains its own distribution system and distributes electric service to individual family apartments for domestic purposes, and other uses such as central air conditioning and heating, laundry, lighting, and water heating, where all such services are provided only for the apartment complex. Such other uses may be separated from service used within the individual apartment and served on a general service rate schedule.

Service hereunder is for the exclusive use of the apartment complex, for itself and its residential tenants and is not to be used for standby, resold, except as may be furnished to its tenants, if no specific charge is made therefor, and is not available to other parties within or without the apartment complex for commercial establishments.

Service hereunder shall be supplied at one point of delivery and measured through one meter. Service hereunder is subject to any of Company's rider schedules that may be applicable.

TYPE OF SERVICE

Alternating current, 60 cycles, single or three phase at one standard voltage as described in Company's Service Standards.

NET MONTHLY BILL

Rate:

\$258.05 for the first 35 kW or less of Demand
\$4.10 per kW for all additional kW of Demand

5.11¢ per kWh for the first 14,000 kWh
3.27¢ per kWh for additional kWh up to 80,000 kWh, or up to 400 kWh
per kW of Demand, whichever is the greater
2.22¢ per kWh for all additional kWh

Minimum Bill:

\$3.54 per kW, based on the highest monthly Demand occurring during the twelve month period ending with the current month, but for not less than the minimum kW specified in the Electric Service Agreement, plus any applicable adjustments.

(Continued on reverse side)

Adjustments:

First - Plus or minus the applicable proportionate part of any directly allocable tax, impost or assessment imposed or reduced by any governmental authority after the effective date of this schedule, which is assessed or levied against the Company or directly affects the Company's cost of operation and which the Company is legally obligated to pay on the basis of meters, customers, or rates of, or revenue from electric power and energy or service sold, or on the volume of energy generated, transmitted, purchased for sale, or sold, or on any other basis where direct allocation is possible.

Second - Plus .001 cent per kWh used during the month for each .001 cent of the average fuel cost per kWh as delivered to Company's customers during the second preceding calendar month, adjusted for any over or under collection.

DEMAND

The maximum kW registered during the current month by a demand meter suitable for measuring the Demand used during a 15-minute interval, but not less than the minimum kW specified in the Customer's Electric Service Agreement, nor less than 35 kW.

PAYMENT

The Net Monthly Bill is due and payable each month. If not paid within twenty days from the date of billing, the Gross Monthly Bill, which is the Net Monthly Bill plus 2%, becomes due after the Gross Due Date shown on the bill.

CONTRACT PERIOD

The contract shall be for a minimum period of three years, and at Company's option, may be longer to justify the investment in facilities.
