MISCELLANEOUS ELECTRIC SERVICE CHARGES

The following charges will apply to the miscellaneous services listed below:

COLLECTION FEE - A charge of \$12.00 will be made when Company sends an employee to collect a delinquent bill.

CONNECTION FEE - The following charges will be made as a connection fee:

- (a) \$12.00 to restore service which has been suspended as a result of any electric service bill in arrears, failure of Customer to comply with the Terms and Conditions Applicable to Electric Service, prevention of fraud or abuse, or discovery that meter has been tampered with or damaged. In circumstances of abuse or tampering, Company will charge all reasonable out-of-pocket expenses necessary to restore its facilities to their original condition.
- (b) \$15.00 for a summer home, camp, etc. disconnected at the request of the Customer.
- (c) \$18.00 for new service applications or changes in existing service applications.

RETURNED CHECKS - A charge of \$20.00 will be made for each check received from Customer and not honored for payment by Customer's financial institution.

TEMPORARY SERVICE CHARGE - A charge for temporary service will be made where distribution lines are readily available and the installation of additional poles or lines is not necessary to provide service to the Customer. Charges will be as follows:

<u>Type Construction:</u>	<u>Charge</u>
Residential	\$25.00
Nonresidential	\$45.00 but not less than the estimated net cost to Company.

Where distribution lines are not readily available, or where additional poles or lines are necessary, charges will be derived based upon the Electric Extension Policy.

METER TESTING - A charge of \$5.00 will be made each time a Customer requests a meter test and the meter is found to be within 2% accuracy.

ELECTRICAL PULSE CHARGE - A monthly charge, as stated below, will be made when Customer requests and Company agrees to provide electrical pulses, provided Company is not required to change its standard metering configuration.

- (a) Customer pays Company to install necessary equipment to provide meter pulses. Company maintains equipment providing pulses. \$10.00 per month
- (b) Company owns and maintains equipment necessary to provide electrical pulses. \$25.00 per month
