**RIDER FOR STREET LIGHTING SERVICE IN SUBDIVISIONS**

---

RT, AT

**I. AVAILABILITY**

At all points throughout the territory served by the Company (except the Fifteenth Ward of the City of New Orleans) where facilities of adequate capacity and suitable phase and voltage are adjacent to the premises to be served, and service is taken according to the Service Standards and Service Regulations of the Company.

**II. APPLICATION**

This rider is applicable to customers served under any electric rate schedule in a subdivision for which no municipality, state government, federal government or any agency thereof (collectively "Agency") pays any of the normal street lighting charges. For multi-family apartment complexes within subdivisions, the number of Customers will be determined by the number of lots the complex contains.

AT

AT

When an Agency contracts to pay under standard street light rates, for the service rendered hereunder, the charges specified hereunder will terminate for the affected service. At such time the affected customers served under Options A.2 or B will begin paying a pole charge pursuant to Rider for Street Light Pole Service, Schedule SLPS for the appropriate pole type and number of customers in addition to the charges for the customer's electric service.

RT,CT

AT

**III. NET MONTHLY BILL**

A. Rate:

When the Company furnishes, installs, supplies and maintains service to street lights in a subdivision, all the provisions of the rate schedule under which customer's electric service is provided shall apply except that an additional charge per month per Customer will apply as follows:

RT, AT  
CT, RT

Option A.1:

When street lights are installed on Company's existing distribution poles or when the developer or homeowners' association has paid in advance for poles, including installation costs, dedicated to street lighting service, the additional charge is:

<u>100 Watt HPS Street light Fixture</u>	<u>Monthly Charge</u>	<u>Monthly kWh</u>
4 or more Customers per Street light	\$1.99	12
3 Customers per Street light	\$2.65	17
2 Customers per Street light	\$3.98	25
1 Customer per Street light	\$7.95	50

RT

Option A.2:

When street lights are installed on standard wood or fiberglass poles, other than Company's existing distribution poles, for which the Company did not receive a contribution, the additional charge is:

<u>100 Watt HPS Street light Fixture</u>	<u>Monthly Charge</u>	<u>Monthly kWh</u>
4 or more Customers per Street light	\$ 3.36	12
3 Customers per Street light	\$ 4.48	17
2 Customers per Street light	\$ 6.72	25
1 Customer per Street light	\$13.44	50

RT

Option B:

When street lights are installed on Company-approved non-standard metal, fiberglass, or concrete poles for which the Company did not receive a contribution, the additional charge is:

<u>100 Watt HPS Street light Fixture</u>	<u>Monthly Charge</u>	<u>Monthly kWh</u>
4 or more Customers per Street light	\$ 6.06	12
3 Customers per Street light	\$ 8.08	17
2 Customers per Street light	\$12.12	25
1 Customer per Street light	\$24.24	50

RT

B. Adjustments:

First - Plus or minus the applicable proportionate part of any directly allocable tax, impost or assessment imposed or reduced by any governmental authority after the effective date of this schedule, which is assessed or levied against the Company or directly affects the Company's cost of operation and which the Company is legally obligated to pay on the basis of meters, customers, or rates of, or revenue from electric power and energy or service sold, or on the volume of energy generated, transmitted, purchased for sale, or sold, or on any other basis where direct allocation is possible.

Second - Plus .001 cent per kWh used during the month for each .001 cent of the average fuel cost per kWh as delivered to Company's customers during the second preceding calendar month, adjusted for any over or under collection. The adjustment per kWh shall be applied to the stated monthly kWh use.

**IV. GENERAL PROVISIONS**

Where additional facilities are required above those set forth above (including underground facility differential cost if applicable), the contracting party (developer, property owner's association, etc.) will pay in advance of installation, the estimated cost of such facilities.

AT

**V. PAYMENT**

The Payment provision applicable to the customer's electric service rate schedule will apply to the total charges calculated under the provisions of both the electric service schedule and RLU.
